

Making Strides Breast Cancer Fundraiser

REVISED SEE CHANGES

In a previous flyer we advertised the sale of masks as a fundraiser for Breast Cancer. Everything in our world is slightly different during this time and we had no idea how many masks we would sell. It seems that in the first 2 days of the sale, we have sold out most of our inventory. **THANK YOU** to everyone who put in orders. As the mask sale appears to be tremendously popular, we are ordering more masks. However, it takes 2 weeks for us to receive the merchandise. Therefore, we ask you to be patient with receipt of your masks. We will continue to sell masks as orders come in. We will sell them on a first come, first served basis and we are recording the dates the order was received. We are asking everyone to consider purchasing masks for yourself and family. We have added black masks as well as white ones. We will be selling (4) different kinds of masks. Please use the order form below to designate the type and quantity of masks you wish to purchase. Then place the order form along with payment (Checks payable to American Cancer Society) in a lower mailbox of one of the following committee members. The masks will be delivered to you and placed in your lower mailbox.
