

Making Strides Breast Cancer Fundraiser

BOW SALE

October is National Breast Cancer Awareness month and that is when we traditionally stage our Breast Cancer walk. We also sell bows to adorn our mailboxes.

It is time to put the bows on the mailboxes. They should be removed on 10-31.

In this time of Covid-19, we cannot have our walk, but we will sell bows and they will be delivered to your mailbox. You must prepay and fill out the form below to receive a bow. In lieu of the walk, we are appealing to the community to be generous and consider a monetary donation to the **American Cancer Society**. Consider the fact that many of your friends and neighbors here in Stonebridge are survivors of this disease and unfortunately, some of our neighbors did not survive. There is great need to fund research and provide assistance to victims of this illness. Consider these facts:

- 1 in 8 women in the United States will be diagnosed with breast cancer in her lifetime.
- Breast cancer is the most common cancer in American women, except for skin cancers. It is estimated that in 2020, approximately 30% of all new women cancer diagnoses will be breast cancer.
- There are over 3.5 million breast cancer survivors in the United States.
- On average, every 2 minutes a woman is diagnosed with breast cancer in the United States.

PLEASE BE GENEROUS
