

STONEBRIDGE WOMEN'S CLUB

THANK YOU MESSAGE TO OUR COMMUNITY

December, 2020

This holiday season the Women's Club conducted several campaigns to help families experiencing severe financial and health struggles. We wish to thank you for your response to our appeals and share with you what was possible because of your generosity and support of the following programs.

THANKSGIVING FOOD DRIVE: Our Thanksgiving Food Drive, held on November 9, was a tremendous success with your donated food items overflowing six shopping carts when they were delivered to The Monroe Township Senior Center. Food Baskets were prepared and distributed to food insecure families ensuring they would enjoy a nutritious Thanksgiving feast!

RONALD MCDONALD HOUSE POP TAB PROGRAM: Since the Pop Tab Program was re-established last month, you have gathered over 12,000 aluminum rings! These pull-tabs are delivered to the Ronald McDonald House and recycled for charitable income. As an ongoing project occurring the first week of each month, the Women's Club assists the Ronald McDonald House fulfill its mission to provide a respite to families of chronically-ill children.

HOLIDAY GIFT CARD COLLECTION: The Women's Club Holiday Gift Card Collection overwhelmingly surpassed previous years' programs. Your contributions, totaling \$2,145 in Walmart, Target, Kohl's, ShopRite, Stop & Shop, Subway and Visa gift cards, were distributed by Rise Community Services and the Monroe Senior Center to local, economically-disadvantaged families.

MACY'S AND MAKE-A-WISH "BELIEVE" LETTER-WRITING CAMPAIGN: Residents wrote/collected 2,000 "Believe" letters during the Macy's Letter-Writing Campaign resulting in a \$4,000 gift to Make-A-Wish when they were delivered during "National Believe Week." Your involvement in this program gives critically-ill children a "million reasons to believe."

The Women's Club is appreciative of your participation in each of these endeavors and wishes you a holiday season filled with the serenity, optimism and happiness you have provided to others through these Programs.
