We would like to remind our members that communications sent out by the Women's Club to our membership will continue to be distributed through iContact.

In addition, all Club and Association lifestyle communications sent out by Lifestyle Director Dharmi Shah will now be done through the "social" channel on Nabr Network. In order for you to receive these Club and Association lifestyle notices from Dharmi, it is necessary that you access your account on Nabr Network by following the directions below. - Click on "My Account" on the top righthand corner
- Click on "Settings"
- Click on "Notification Preferences"
