CUSTOM PAINTED ROCKS FOR SALE

The Breast Cancer committee has a brand new project that you will love. We will be selling custom painted rocks to place in your mailbox, rock garden, on a desk, or anywhere else that appeals to you. You will choose the base color, the detail color and the words, numbers or graphics that you would like on the rock. We have talented artists who will be painting these rocks to your specific order. **Each rock will be unique in size, shape, and artwork.**

Complete the customization order form and then place the order form (s) along with payment (**Cash or checks payable to American Cancer Society**) in a lower mailbox of one of the following committee members. The rocks will be delivered to you and placed in your lower mailbox.
